Early Education Center

School Introduction

This children's entertainment co., ltd we are working with is a platform company invested by one famous International Centennial Group in the cultural and creative entertainment industry of Chinese parent-child families. With the business philosophy of "let children grow up in the dream", they aim to build the most influential park cluster in China for parents and children aged 0-12 years old. Create a beautiful space for Chinese children and their parents to grow up together, and a happy world that constantly inspires their dreams.

The institution is specially designed for Chinese parent-child families aged 2-12 years old. Through the creation of animation themed atmosphere, the park integrates colorful experience methods into the wonderful amusement, creating a happy world that expands children's thinking, cultivates children's social contact, enriches children's life, and enhances parent-child emotion. They now cover nearly 500 nationwide within a few years, becoming the largest and most influential parent-child animation park in China and a happy world for Chinese families

Main Location Information

Shanghai is a dynamic growing prosperity of the city, is China's largest commercial and financial center, is also the Western Pacific region important international port city. Its extensive contacts within and outside the transport, communications more developed, is attracting more and more attention to the eyes.

Shanghai sits at the mouth of the Yangtze River, the longest river in China. It is the largest Chinese city and "a city of skyscrapers". With a history of more than 700 years, Shanghai was once the financial center of the Far East. Today, Shanghai is the largest economic and transportation center in China. The municipal government is working towards building Shanghai into a modern metropolis and into a world economic, financial, trading and shipping center.
